Please circle (Yes / No): If my pet has retained baby teeth, I would like them removed at the time of surgery to prevent future dental complications at a cost of \$10-\$20 per tooth. **yes / no**

**Please read and initial that you understand the following items and obligations that accompany your pet's surgical procedure:**

\_\_\_\_\_ I understand that Butte Humane Society uses qualified staffing and approved materials for all procedures performed. I understand that the risk of injury or death, although extremely low, is always present just as it is for humans who undergo surgery.

\_\_\_\_\_ I understand that my dog will be given a dose of pain medication while in the office after the surgery. I also understand that I will be sent home with required pain medication indicated for this specific pet and will not give this pet any other medication that is not prescribed by a BHS DVM.

\_\_\_\_\_ I certify that my dog has been vaccinated within one year prior to this date **or** understand that he/she is not protected from contagious diseases. I understand that it takes up to 2 weeks for vaccines to protect my dog. BHS has the right to refuse service to any animal to whom surgery is deemed a health risk.

\_\_\_\_\_ I understand that if my dog is overweight/obese, this will cause surgical complications and there will be an additional surcharge of **\$25-\$100.**

\_\_\_\_\_ I understand sutures and glue will be used on my pet's incision. If I decline to purchase or provide an e-collar (cone) to keep him/her from being able to lick the incision, it will be at risk of becoming infected.

\_\_\_\_\_ I understand that if there are changes to my dog's uterus from such causes as being in heat, pregnant, or over 2 years old, there will be an additional surcharge of **\$25-\$100.** I understand that if my pet is pregnant, the pregnancy will be terminated at the time of surgery.

\_\_\_\_\_ I understand that female dogs sometimes have an underlying infection of the uterus, known as a pyometra that can sometimes have no visible symptoms, these infections can be fatal and must be handled immediately. Although rare, I understand if my pet has a pyometra, there will be an additional surcharge of **\$50-\$200** for the procedure and antibiotics will be required.

\_\_\_\_\_ I understand that if I do not pick up my dog by 5:45 pm this evening I will be charged an overnight boarding fee of **\$100.**

\_\_\_\_\_ I understand that if my pet stays overnight there is no staff on the premises 24 hours a day, and Butte Humane Society is not liable for my pet after business hours.

\_\_\_\_\_ BHS operates normal business hours as a public service in Butte County. If you are experiencing an emergency, please contact the nearest clinic that provides emergency services. BHS specifically disclaims any responsibility or liability for any costs associated with, arising from, or stemming from any treatment, non-treatment, or inability to provide services outside our business hours.

\_\_\_\_\_ Every effort is made to carefully select healthy surgical candidates. However, in any situation where multiple animals are in close proximity, they are at risk of contracting an upper respiratory infection.

**\_\_\_\_\_ I understand that as permanent proof of the sterilization, my pet will receive a small green tattoo near the incision, or near the umbilicus.**

I, \_\_\_\_\_, hereby certify I am the owner or authorized agent for the owner, of the dog  
Owner Name (please print) \_\_\_\_\_, and I give the Butte Humane Society Clinic's DVMs, agents and representatives

I would like to make a donation in the amount of \$ \_\_\_\_\_ to support BHS in its mission to save animals.
